Subject:- Compliance of UGC Guidelines on Public Self-Disclosure by Higher Education Institutions, 2024 – reg.

Madam/Sir,

Kindly refer to the UGC letter dated 10<sup>th</sup> June 2024 (attached) regarding "Guidelines on Public Self-Disclosure by Higher Education Institutions -2024," which was circulated to the universities with the request to ensure strict compliance with the guidelines.

As per the Guidelines, all Higher Education Institutions are required to maintain a functional website to provide relevant information to the stakeholders. The information disclosed on the website should be easily accessible to everyone, on the home page, without any need for registration or login. Additionally, there should be a 'search' facility available for easy navigation.

Upon review and monitoring of the website of your university, it has been observed that the information published is incomplete and not in accordance with the prescribed guidelines.

Despite several reminders and having been granted sufficient time for implementation, it is once again advised that necessary action be taken without further delay to ensure full compliance regarding publishing the Public Self-Disclosure. **The University must display the information and update its website in a fair and transparent manner by 20<sup>th</sup> May, 2025.**

**It is informed that non-compliance with the guidelines will compel the UGC to initiate appropriate action, including the publication of the names of the non-compliant universities on the UGC website on 01<sup>st</sup> June, 2025.** In case compliance has already been made, kindly confirm the same through return mail.

A format for displaying the information on the homepage of the university website as a single document is also attached.

Yours faithfully,
