

The key objectives of VRC are to:

- Inculcate research and innovation culture among faculty members and students
- Promote interdisciplinary research
- Undertake joint research projects in collaboration with other universities and institutions
- Facilitate faculty members and students to undertake research projects in nascent/emerging disciplines and of social relevance
- Submit research proposals and seek grant from research funding agencies and other organizations
- Promote Consultancy projects to be undertaken by the faculty, promote research with Intellectual Property Rights for patents, copyright, etc, to cater to societal needs and national framework.
- Promote incubation Centre / Start Ups / Entrepreneurship Cell for the aspiring students.
- Document reports, monographs and publish research papers in reputed journals to disseminate the learning and results from the research projects
- Organize interactions with entrepreneurs, industrialists, NGOs, philanthropists and faculty members of the university to exchange ideas and generate collaborative research aligned to the some of the Sustainable Development Goals (SDGs)
- Support the Ph.D. Programs of the University
- Establish Post-Doctoral Research Programs
